Why have one?

Formalistically, you're obliged anyway...

- Arts. 11 + 12: obligation to inform DS;
- Ensure effective exercise of DS rights;
- Art. 4(1)(a): fair processing.

...but really also doing yourselves a favour!

- Data quality (accuracy, up-to-date):
*“bad” data = bad output in terms of
purpose pursued by processing
operation...*

What's the content?

- Will differ from one processing operation to the next;
- 3 good practice examples:
 - Case 2011-0752 (OSHA);
 - Case 2011-0926 (CoR);
 - Video-surveillance Guidelines, p.44
- Ask the same questions in the light of “your” particular processing operation;
- Have the data subject in mind...
