7. Short description and purpose of the processing

<table>
<thead>
<tr>
<th>The EDPB and the EDPS are joint controllers organising the secondment programme of personnel of the EDPB members and of the EDPB Secretariat. This programme allows for such personnel to work for a limited period of time in a different Supervisory Authority (SA), the EDPS or the EDPB Secretariat. During a period of 14 months, the applicants can propose their desired starting date and duration of secondment which can span from minimum 2 weeks to maximum 6 months. This exercise is repeated every two years, as provided in the Joint Decision of 21 February 2024 signed by both the EDPB and the EDPS.</th>

<tr>
<td>At a first stage, those who are interested in participating in the programme, both as secondees and as hosting bodies, are invited to express their interest. A panel selects the applicants on the basis among others of their profile, the number of expressions of interest and the matching needs of the hosting bodies. This selection panel is made up of the Chair of the EDPB, the Head of the EDPS Unit on Human Resources, Budget and Administration, the Head of the EDPB Secretariat and a SA not participating in the round of the secondment programme.</td>

- identify the staff members of the EDPB members and of the EDPB Secretariat who would be interested in participating in the programme as secondees;
- determine who of these applicants will be accepted as secondees and in which hosting bodies;
- organise the two-day training in Brussels; and
- receive the feedback of secondees and hosting bodies post completion of the secondment and use such feedback for the preparation of the Closing Report, which will allow to draw conclusions on how the programme was implemented and how it could further improve for the following secondment round.
