

Report from the meeting with Meta

20/02/2024

Introduction

Upon Meta's request, the Supervisor and EDPS staff met with Nick Clegg (President of Global Affairs), Javi Olivan (Chief Operating Officer) and Cecilia Alvarez (EMEA Privacy Policy Director).

The EDPS Wojciech Wiewiórowski was accompanied by [REDACTED] (P&C) and [REDACTED] (Cabinet).

Notes from the meeting

Meta provided an update on latest business model developments, in particular its decision to roll out a "subscription for no ads" offer.

The Supervisor explained that given the discussions at the EDPB, the office was not in a position to actively engage on the topic of 'pay-or-consent' or to give feedback or views.

The meeting also provided an opportunity to discuss the role of the EDPS under the recently adopted Act on Artificial Intelligence.
