The EU Innovation Hub for Internal Security is a collaborative network of innovation labs that was established by the Council's Standing Committee on Operational Cooperation on Internal Security (COSI) in February 2020. The EU Innovation Hub is a cross-sectorial EU platform and aims to ensure coordination and collaboration between all innovation actors of the wider field of the internal security. The Innovation Hub, being composed of various EU Agencies, European Commission (including JRC), the Council General Secretariat and the EU Counter Terrorism Coordinator, works to provide the latest innovation updates and effective solutions to support the efforts of internal security actors in the EU and its Member States, including justice, border security, immigration, asylum and law enforcement practitioners. For more information on the Hub, please refer to:
